

ITEL Hybrid 12kW IP54 PV16000 SP

Brand: ITEL

Model: IPV-12K48U

Series: IPV Hybrid

Category: Inverters

Summary: Heavy-duty IP54 hybrid inverter with dual MPPTs and 48V battery support.

Technical Snapshot

Rated Power: 12kW

Phase: Single Phase

Inverter Type: Hybrid Inverter

Max Efficiency: 99.5% MPPT

Euro Efficiency: Not available

MPPT Count: 2

Strings per MPPT: Not available

Max PV Input Power: 16kW

Max Input Voltage: Not available

Start-up Voltage: Not available

MPPT Voltage Range: Not available

Battery Voltage Range: 48V battery (lead-acid / Li-ion / user-defined)

Max Charge Current: Not available

Max Discharge Current: Not available

Backup Output: Yes (10ms UPS / 20ms appliances)

IP Rating: IP54

Cooling Method: Not available

Communication: WIFI/RS485/CAN/RS232/Dry Contact

Warranty: 5 Years

Dimensions: Not available

Weight: Not available
